Tools Required:
No tools required.

Installing Dividers:

1. Pull front drawer out.
2. Insert the (3) 100221 dividers by starting into the divider guide at the back of the drawer, and then the divider guide at the front.

NOTICE

Install dividers with center slots pointing upward.

3. Place the center divider 100222 with slots down into the 100221 guides and divider guides on the drawer sides.

This completes installation of the front drawer organizer.
